

RESPONSIBLE OIL RECOVERY

TURNING WASTE INTO OPPORTUNITY

Reliable used cooking oil collection, grease trap cleaning and oil logistics for restaurants, commercial kitchens and food-service businesses.

CLEANER OPERATIONS. SMARTER WASTE SOLUTIONS.

Eco Oil Canada helps businesses keep fats, oils and grease out of drains and waste streams through professional collection, recovery and recycling. With more than 15 years of industry experience, our team delivers flexible, responsive service built around your operation.

OUR CORE SERVICES

01 USED COOKING OIL COLLECTION

Convenient scheduled pickups and responsible recovery help turn waste cooking oil into a valuable reusable resource.

02 GREASE TRAP & INTERCEPTOR CLEANING

Regular service removes accumulated fats, oils and grease, helping prevent odours, clogs, backups and plumbing problems.

03 OIL TRANSFER & LOGISTICS

Safe, efficient transportation between locations with professional handling and dependable scheduling tailored to your operation.

WHY BUSINESSES CHOOSE ECO OIL

● EXPERIENCE

15+ years of industry knowledge and professional service.

● FLEXIBILITY

No long-term commitments or contracts.

● RESPONSIVE SERVICE

Live monitoring, automatic pickup options and a monitored emergency line.

● SUSTAINABILITY

Responsible recovery that supports recycling, reuse and renewable-energy applications.

THE ECO OIL APPROACH

COLLECT. RECOVER. RECYCLE. REPEAT.

Used cooking oil shouldn't simply be treated as waste. Through responsible collection and recovery, it can become a useful feedstock for renewable fuels and other products - supporting a more circular economy.
